MEMORANDUM FOR: The Vice President

FROM : Chairman

SUBJECT : Additional Changes Proposed in the National
Intelligence Topics of Current Interest

1. As you will recall, at the PRC(I) meeting on 15 December several members asked for additional time to review and propose further amendments in the draft revision of the NITs of current interest that were circulated prior to the meeting. New proposals for updating and elaborating the questions and adjusting some priorities have now been received from the Departments of State, the Treasury, and Defense.

2. These suggestions have been incorporated in the attached consolidated change-list. In the left hand column you will find the current interest NITs as issued by the PRC(I) in August. Proposed textual changes and new questions are indicated by underlining in the right hand column. Changes and additions in the priorities assigned to the questions are also underlined. In the eight cases where there is a disagreement over the suggested priority of a question, the majority and dissenting positions are both noted.

3. A PRC(I) meeting will be scheduled at an early date for a general discussion of the priorities issue and to approve the issuance of the revised NIT list.
